One Line Synopsis

“The decision has to be made to put the cards behind him and focus on a real future with his girlfriend. But not after one last game of course.”

One Paragraph Synopsis

Exploit is a drama about Wade McMiller who is finally moving away from the game of poker to focus on a true future with his girlfriend. When Wade is given one final night playing poker he decides to try and win a decent amount of money. But when the cards don't fall in his favor Wade must now find a way to get the money back by attempting to borrow some money from his girlfriend; in spite of the fact that Amie hasn't had anything to do with the game for two years now and is the one making Wade give up.

Director's Statement

The inspiration behind Exploit came from me watching a lot of poker films such as; Rounders, Molly's Game and Mississippi Grind. I fell in love with the aesthetic of all these films and wanted to have a go at writing and directing my own version.

A young woman with two braids, wearing a blue baseball cap with a white number '3' and a white t-shirt with colorful text and graphics, is smiling and pointing her right index finger upwards. She is in a social setting with other people in the background, including a man in a suit and a woman in a red shirt. The background features a window with a geometric pattern and warm lighting.

Producer's Statement

Producing Exploit has been an amazing opportunity for me, as I wanted to work with Jaidyn as a Director and help him create his vision. From the beginning I knew nothing about poker, then by the end of production I understood the basic foundations of the game and the underlying meaning behind the storyline. The Web Series had many big challenges especially with the effects of COVID-19, but having a great crew made things possible.

Behind The Scenes

Director

Chris Young

Directing the featurette for exploit has been an amazing opportunity. Being able to bring my own creative vision to show how the team made exploit has been an amazing learning experience. Going into this production i was excited to capture the crew dynamic and show how well this crew has been able to work with the actors and each other. I am very proud of how this featurette has turned out and am looking forward to showing it to the public.

Producer

Sasha O'Brien

Producing the Featurette for Exploit has been a fantastic opportunity. Being able to work with actors and crew to capture fun moments on set but also more serious moments within different scenes. Going into the production I was excited to capture these moments but also the interviews with both cast and crew as we get to know each person and see their personalities shine.
